## Summer Opportunities for Everyone

Whether you are a college student, a retired individual or couple, a family or a group from church, school, or anyone in between...we can find a great volunteer opportunity for you this summer.

## Mission Trips Churches, families, schools, businesses

What groups are you part of that might grow in grace and gratitude by serving those impacted by disasters?

Upon returning from a trip, volunteers reflect...

- having their eyes opened to needs and to different cultures.
- getting inspired to serve more.
- growing in their relationship with God and with team members.

There are many needs and opportunities every week of the year. A few possibilities:

- Walton County, Florida (storms, July '13)
- Hattiesburg, Mississippi (tornado, Feb '13)
- Union Beach, New Jersey (Hurr. Sandy, Oct '12)
- Longmont, Colorado (flood, Sept '13)
- Brookport, Illinois (tornado, Nov '13)
- High River, Alberta (floods, June '13) *small groups of mostly adults*  
...and more.

## Unmet Needs Assessment

Since needs assessments are less predictable, we really appreciate when you let us know of your availability - please call or email us with this info.

### *What is an Unmet Needs Assessment?*

World Renew volunteers conduct surveys community wide to identify residents (who may otherwise fall through the cracks) and their unmet needs related to the disaster—construction and household needs as well as emotional and financial needs.

## Why We Do What We Do

“There are not enough words to say thank you to World Renew for what they did for me in and out of my home. Thank you from the bottom of my heart.” A homeowner in Louisiana.
