

## 5 QUESTIONS TO ASK YOUR CANDIDATE

### IF CONSERVATIVE

- Q1) What is your vision for our development assistance budget?
- Q2) What measures would your government put in place to ensure investments in sustainable agricultural development that assist small-scale farmers?
- Q3) What is your party's position on increasing Canadian investments (as part of the development assistance budget) to support small-scale farmers?
- Q4) How does your party propose to incorporate agricultural development (particularly assistance to small-scale famers) into the MNCH strategy in order to ensure long-term sustainable solutions and effective use of development assistance dollars?
- Q5) What does your party envision Canada's leadership role in global food security to look like? What will your government do to once again reposition Canada as a leader in food security?

### IF LIBERAL

- Q1) What is your vision for our foreign aid budget?
- Q2) What measures would your government put in place to ensure investments in sustainable agricultural development that assist small-scale farmers?
- Q3) What is your party's position on increasing Canadian investments (as part of the foreign aid budget) to support small-scale farmers?
- Q4) What is your party's stance on continuing the MNCH strategy? (If favourable) how does your party propose to incorporate agricultural development (particularly assistance to small-scale famers) into the MNCH strategy in order to ensure long-term sustainable solutions and effective use of aid dollars?
- Q5) What does your party envision Canada's leadership role in global food security to look like? What will your government do to once again reposition Canada as a leader in global food security?

## IF NDP

- Q1) What is your vision for our foreign aid budget?
- Q2) What measures would your government put in place to ensure investments in sustainable agricultural development that assist small-scale farmers?
- Q3) What is your party's position on increasing Canadian investments (as part of the foreign aid budget) to support small-scale farmers?
- Q4) What is your party's stance on continuing the MNCH strategy? (If favourable) how does your party propose to incorporate agricultural development (particularly assistance to small-scale famers) into the MNCH strategy in order to ensure long-term sustainable solutions and effective use of aid dollars?
- Q5) What does your party envision Canada's leadership role in global food security to look like? What will your government do to once again reposition Canada as a leader in global food security?
