DISASTER RESPONSE SERVICES

Here is a story of how this gift helps others

When disasters such as tornadoes, floods, hurricanes, and wind storms strike, it can take months or years for a family to fully recover from the devastation. People who are elderly, disabled, or living in poverty are most vulnerable in these situations.

Your gift helps World Renew Disaster Response Services provide cleanup and debris removal, small tools, and a trusted advocate to those most in need.

At the end of June 2016, massive flooding caused damage to hundreds of homes in West Virginia. Water rose upwards of 15-16 feet and receded 12 hours later.

World Renew DRS sent volunteers to help survivors repair their homes by gutting and sanitizing damaged areas so new flooring could be installed and to also prevent the growth of mold.

“One person was pretty suspicious about why we, just strangers to him, would want to help him,” said a World Renew DRS volunteer. “We told him ‘We are just here to help, we don’t ask for anything, we won’t take anything...we are here because as Christians we serve a loving God and we feel called to serve you, in particular, if you will have us.’”

A gift to Disaster Response Services will share God’s love to disaster survivors and help people across North America restore their homes and find hope.
