5. DISASTER RESPONSE

Invest your focus on responding when disasters hit.

Disasters including drought, earthquakes, flooding, war, and tsunamis are having an increasing impact in our world. World Renew responds when these disasters hit, both in the immediate need and the long term recovery. Commit to responding with us!

- Gather special offerings and strategically plan to protect funding for these needs
- Pray with us for these desperate situations — even well after the news and media has dwindled
- Partner with us as we also look to the long term needs. World Renew promotes solutions that will help people avoid or be better prepared for future disasters. The goal is to “build back better” and ensure that individuals and their communities can continue on a firmer footing

Disaster Response also includes **DOMESTIC DISASTERS**. Launch people from your congregation to be part of the *Disaster Response Services team*. Volunteers give of their time and talents to help clear debris, assess needs, and rebuild homes after disasters strike.

6. REFUGEE RESETTLEMENT

Invest time and finances in helping a refugee individual or family begin a new life in Canada

- Support a refugee resettlement. This requires time, finances, and support from your church family
- World Renew Refugee staff will help provide direction, administrative support, and will help manage your resettlement process
- Commit to prayer for the refugee crisis around the world
- Engage in outreach with refugees in your local community

7. GROWING PROJECT

Invest your focus on our partnership with the Canadian Foodgrains Bank through a Growing Project in your community.

- Through growing projects, groups of people plant, tend, and harvest a crop, then sell it to raise money to World Renew’s account with the Canadian Foodgrains Bank
- Start a Growing Project in your community or support one near you

How can one church respond to the multitude of needs in our world? When you are besieged with different requests for support or involvement, how can you make sure that your church chooses the best option for effectively meeting needs while also fitting your church's gifts and vision? World Renew can help.

FIND YOUR FIT . . .

Every church congregation is unique and has different passions, perspectives, and contexts. World Renew offers a variety of options to fit with the focus and "DNA" of your unique church community.

Start by choosing a **GLOBAL ENGAGEMENT STRATEGY** that fits your congregation. Take time to talk together as relevant church leadership — deacons, missions teams, pastors, World Renew ambassadors — and prayerfully discuss what you want your relationship with needs of the world to look like.

Next, complete the attached form or fill it out online. This will help World Renew know the heartbeat of your church family and will add shape to our future partnership with you. You may find there are several options that describe your church or that you are already doing some of these! Simply check all that apply and let us know where you are at.

We have created a downloadable discussion guide to help you get started. You can find it at worldrenew.net/church-resources. World Renew also has a team of people who are committed to helping you sort through these options and answer any questions you may have. Contact us at any time for more information.
