## Thank you for giving the gift of a nutrition kit

Jesus clearly said that He came so that we might have life and have it abundantly. He also said that when we welcome a child in His name, we welcome Him. World Renew wants what Jesus wants for the children of Honduras.

**In Honduras, where 60 percent of the population lives below the poverty line, malnutrition is a common burden, one that children can carry for life.** When a child doesn't get enough nutrition to build their body, their brain, and their immune system, when they suffer deficits that leave them permanently affected, the opportunity for an abundant life of good health and fruitful work looks bleak.

World Renew works with community health centers and village health volunteers in Honduras to help prevent malnutrition by providing vitamins, medicines, and soybeans for milk to parents like Maria and Erlin.

Maria and Erlin knew something was wrong. Their nine-month-old daughter Dayana was losing weight and even having trouble walking when a doctor at the community health center diagnosed her with malnutrition. Maria learned how to make milk from soybeans and Dayana was given vitamins and medicine. **These simple interventions restored Dayana's growth, returning to her the possibility of a lifetime of good health.**

World Renew has connected with hundreds of mothers and their children in Honduras through comprehensive community programs that include agricultural training, organizing, and maternal and child healthcare and support. **Your gift of a nutrition kit is a spoke in the wheel of redemption that is turning there, offering Honduran brothers and sisters — and their children — a more abundant life.**

## THANK YOU

“... I HAVE COME THAT THEY MAY HAVE  
LIFE, AND HAVE IT TO THE FULL.”

—John 10:10
