

Gifts through World Renew are powerful interventions to repair harm and build resilience in people's lives. Simple gifts like seedlings, ducks, or water pumps play a role in creating foundations for hope!

This gift helps create *Uzima* — abundant life — for someone facing poverty or disaster. GIFT

Last year, World Renew reached over 600,000 people who live in poverty with emergency disaster response and long-term poverty alleviation programs focused on health, agriculture, income-earning, literacy, and leadership development.
