Thank you for giving the gift of a wheelchair

In Nigeria, polio has left thousands of people unable to walk, sentenced to a lifetime of crawling on their hands and knees. **We know this is not even close to the life God wants for them.**

Physical barriers, stigma, and simple lack of resources exclude people with disabilities in Nigeria from abundant life. Without access to education and jobs, opportunities for resilience and dignity are terribly limited. **World Renew's partner in Nigeria, Beautiful Gate Handicapped People Centre, addresses the profound challenges that people with disabilities experience there.**

Over the last 18 years, Beautiful Gate has given away over 14,000 wheelchairs. **Thousands of people have found mobility and self-sufficiency with the gift of a wheelchair made in Nigeria by Nigerians.** Moreover, by intentionally donating the chairs to people of *all* religions, Beautiful Gate is a powerful witness to God's love in a country struggling with religious tension and violence.

Your gift of a wheelchair allows Beautiful Gate to continue their ministry of not only mobility, but the support and education that empowers each receiver, his or her family, and their community about the value of each person and their right to a productive life.

To learn more, watch the Beautiful Gate video at www.worldrenew.net/beautifulgate

THANK YOU

"... I HAVE COME THAT THEY MAY HAVE LIFE, AND HAVE IT TO THE FULL."

—John 10:10
