Welcome to the Giving Tree Project!

**THANK YOU** for choosing the 2019-2020 *Giving Tree Project* from World Renew! Your family, church, school, or group can share God's abundant love with people who live with poverty and hunger through the *Giving Tree Project* and the 2019-2020 *Gift Catalogue* from World Renew. We encourage you to be creative and energize your church or other group members to participate fully and give enthusiastically in praise to God for His gifts!

- Plan a fundraising Christmas (or other holiday) dinner and use the proceeds to "buy" *Giving Tree Project* ornaments or gifts from the World Renew gift catalogue.
- Choose one or more items from the catalog to support, and then set a goal and raise funds for it during one special month or each month throughout the year.
- Distribute two World Renew gift catalogues to each member of your group or congregation, one copy to keep and one to share with a friend or acquaintance outside your church.
- Distribute gift catalogues to each member of your church or group on a Sunday before Thanksgiving and then take a Thanksgiving Day offering to collect gifts and order forms from families and individuals.
- Encourage gift giving from the catalogue on occasions other than Christmas, such as Easter or a birthday or anniversary.

Thank you for helping people in need change their story through the *World Renew Gift Catalogue* and *Giving Tree Project*. If you have questions, comments, or ideas to share, please contact World Renew's Church Relations Team at [info@worldrenew.net](mailto:info@worldrenew.net).

There are many uses for this project — one way to use it is during Advent when your church or group can decorate a Christmas tree in your foyer or other high-traffic area with the ornaments included here. Look through the 2019-2020 catalogue for ways people and groups are using this project. Then take an offering on Christmas day to collect the ornament-related gifts from your group members.

There are many other ways to use the Gift Catalogue and the *Giving Tree Project*. Here are a few more ideas to get you started:
