- a) Capture email leads
- b) Increase website traffic
- c) Increase website quality of traffic
- d) Provide digital content on a regular basis that contributes to the newly identified SEO goals

Consultancy Requirements

The agency should specialize in customized SEO analysis, solutions and content development. Experience with nonprofit organizations is an asset. All correspondence will be in English.

Please answer the following questions in your application:

1. Explain in detail your approach to and tools used for:
 - a. Keyword strategy
 - b. Benchmarking
 - c. Optimizing on-page/technical factors
 - d. Developing content
 - e. Optimizing off-page factors
2. What SEO tactics do you oppose using?
3. What is your approach to and experience with mobile SEO?
4. What is your approach to and experience with social SEO?
5. What is your approach to and experience with international SEO?
6. What is your approach to digital content development in order to reach business goals?

You are welcome to include other documentation relevant to demonstrating the capabilities of your agency.

World Renew is not bound to accept any or all of the proposals received.

Terms of Reference

Our measure of success will be:
