

LET THE LIVING WATER FLOW

**“...give thanks
to the LORD for
his unfailing love
and his wonderful
deeds for us, for he
satisfies the thirsty
and fills the hungry
with good things.”**

- Psalm 107:8-9

Water is Life

GOD'S LOVE FLOWS IN CLEAN WATER

"Let the one who is thirsty come; and let the one who wishes take the free gift of the water of life." — Revelation 22:17

"It was dangerous to take the children up the mountain to get water," said Noma, who lives in the remote village of Houay Lai, Laos. "Our elders and people with disabilities were at risk when they collected water or bathed. We often got sick from drinking it."

Together with village leaders, World Renew helped build a clean water system. The community contributed wood, rocks, sand, and labor. With your support, we delivered cement, pipes, technical help, and training.

"When the water started flowing through the system, people rushed to shower and get water," Noma said. "Now we have clean water for drinking, washing, and cooking."

Families have started to grow kitchen gardens, helping to improve their children's nutrition. Everyone is healthier because the water is clean.

"We could only dream about clean water," Noma said. "We are thankful that clean water is flowing here."

Please give generously on World Renew's Clean Water Sunday or donate online at worldrenew.net/cleanwater.

- Consuming **2 liters** of safe, fresh water can meet your daily hydration needs.
- You need **20-50 liters** of water a day for cooking, washing, and drinking.
- Your gifts make clean water and better health possible in vulnerable communities worldwide.
